# 2 | Be Prepared and Professional

## Camera

Plan to turn your camera on. Eye contact, body language, and professionalism all come through clearly when the camera is on.

## Background

Reduce distractions by cleaning up behind you. You can even use a virtual background. Also try to be in a quiet place with no background noise.

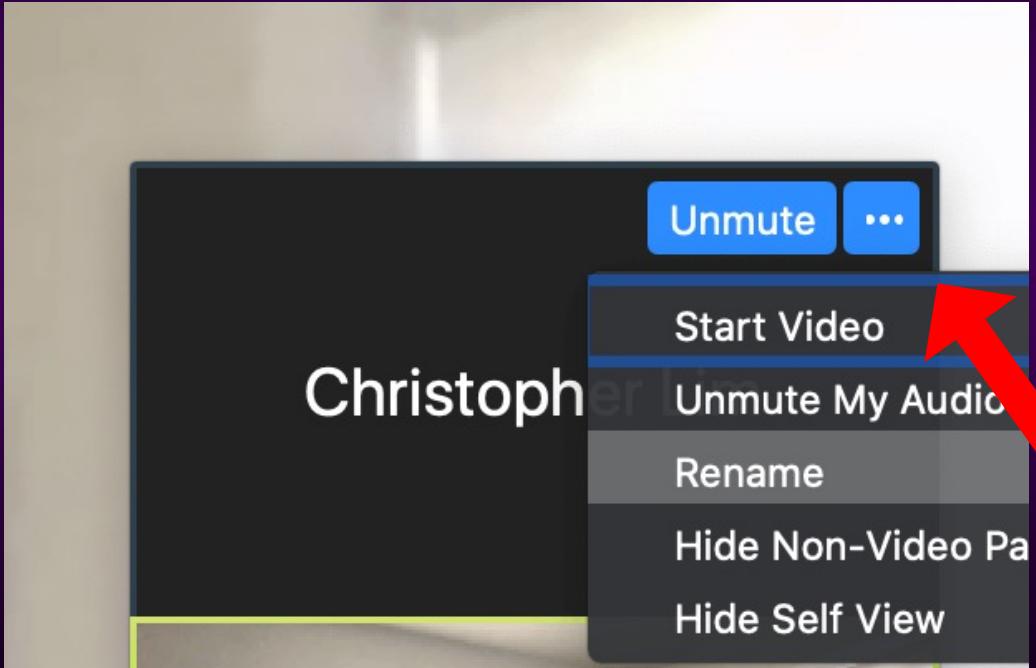

# 2 | Be Prepared and Professional

**Lighting** Make sure your face is lit up. If you have a window next to you, make sure that you're facing the window, rather than having a window or lighting behind you.

**Frame** Position your camera where your face is in the middle of the screen. You can use books or boxes to prop your device at eye level.

# 3 | Arrival

**Arrive 15 minutes prior to your scheduled competition time**

**Display Name** Your display name should be the same name submitted for registration. To update your name, click the 3 dots.

# 4 | Enter the Lobby

**Enter the zoom room  
“lobby” and check in with  
the Lobby  
representative.**

**They will ask you  
questions and provide  
instructions for next  
steps.**

# 5 | Prep Room

**Competitors in events that require a prep will be moved into a breakout room to prep.**

**After the prep is complete, competitors will be moved back into the lobby to wait until judges are ready.**

# 6 | Competition Time

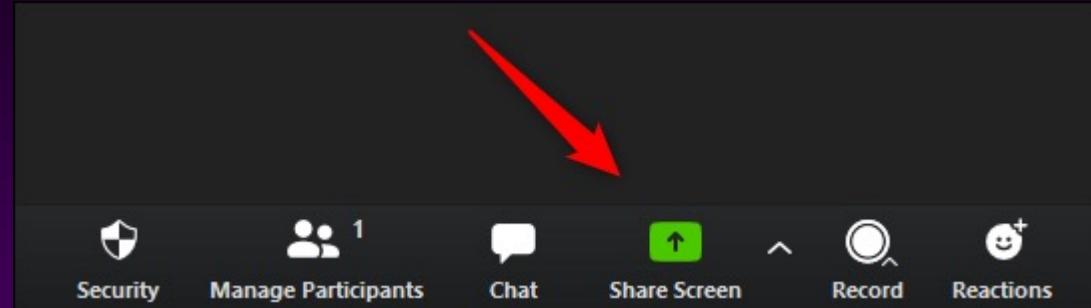

**Once the judges are ready, you will be moved into the breakout room with the judges.**

**Greet the judges upon entering and then you may begin your presentation.**

# 6 | Competition Time

If your competition allows for visuals, you may share your screen.

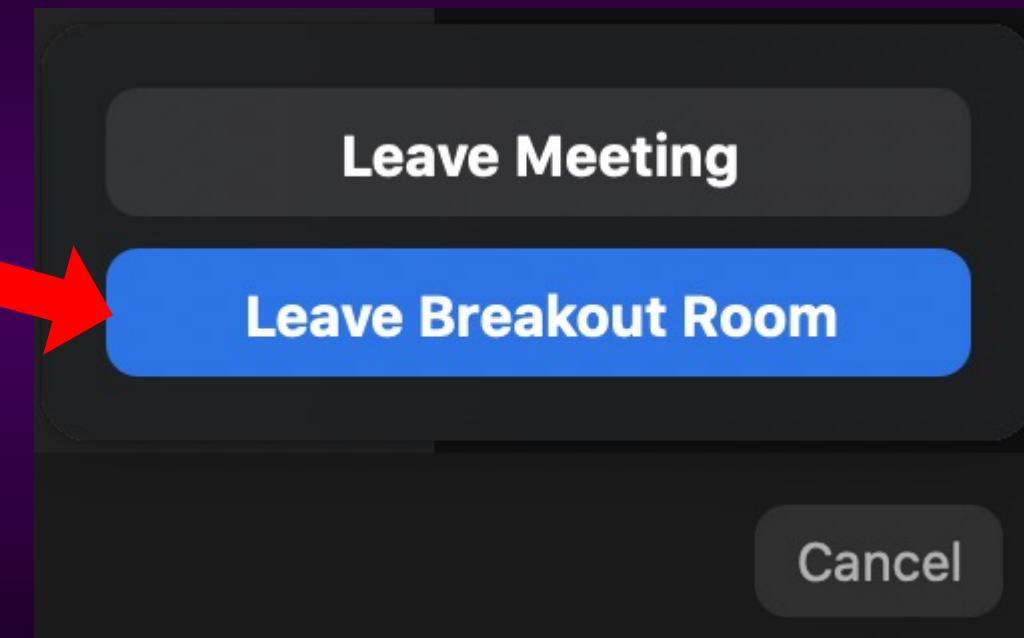

Be mindful of the time requirements for your presentation. One of the judges will serve as timekeeper and will end the presentation once time expires.

# 4 | Leave Room and Checkout

**After completing your presentation, be sure to “Leave the Breakout Room” back to the lobby.**

**Do not “Leave Meeting” yet. We would like you to check out with the Lobby before you depart.**
